CYBER SECURITY AWARENESS MONTH OCTOBER 2026

Cybersecurity Awareness Month – Stay Secure, Stay Vigilant

Dear Officers,

October is **Cybersecurity Awareness Month**, a good opportunity for all of us to strengthen our security awareness and protect both company and personal information.

Think before you click. Verify before you trust. Report before it's too late.

Let's work together to build a safer and more secure digital workplace.

As part of **Cyber Security Awareness Month 2026**, **National Informatics Centre Services Incorporated (NICSI)** is undertaking initiatives under Tech Saksham to promote cyber security awareness and encourage safe and secure digital practices.

As part of this initiative, **NICSI is organizing a series of four Cyber Security Awareness Webinars** for **Ministries/Departments and all States/UTs Officers** during the month of October 2026.

WEBINAR SERIES

Link of the Passive Webinar:

URL: https://bharatvc.nic.in/viewer/2245343938
